

INDIAN RAILWAYS – TRAIN TYPES WITH AVERAGE SPEED

Each train includes route distance, scheduled journey duration and calculated average scheduled speed (including scheduled stops where reflected in the timetable). Speeds are calculated from the uploaded 22-12-2017 dataset; midnight rollover is handled, but multi-day schedules may have limitations because the source data does not provide day offsets.

Rajdhani (1 trains)

No.	Train	Name	From	To	Km	Duration	Avg km/h
1	12437	RAJDHANI EXP	SC – SECUNDERABAD JN.	NZM – HAZRAT NIZAMUDDIN JN	1651	21.7 h	76.2

Shatabdi (9 trains)

No.	Train	Name	From	To	Km	Duration	Avg km/h
